

HIGHER EDUCATION COURSE INFORMATION

COURSE TITLE

Higher National Diploma in Animal Management

TYPICAL ENTRY REQUIREMENTS

Applicants will typically be 18 or over and will show evidence of either
BTEC Level 4 in a related subject
Other related level 4 qualifications
Access to Higher Education
Related work experience
Applicants prior learning will be considered

CORE MODULES AND AN INDICATION OF *LIKELY* OPTIONAL MODULES

- Anthrozoology
- Evolution and Adaptations
- Wildlife Conservation
- Sustainable Practices
- Work Experience
- Biological Principles
- Research Project

EXPECTED WORKLOAD

Formal methods of delivery include; lectures, practical work in animal units, field trips, laboratory work, and tutor led tutorials, one to one tutor-student reviews and independent research. Learners are supported to develop independent learning skills and problem solving.

This will consist of 360 Guided Learning hours per year.

STAFF INVOLVED IN PROGRAMME DELIVERY

You will be taught by an experienced and well qualified teaching team whose expertise and knowledge are closely matched to the content of units on the course. The team includes academics and professional practitioners with industry experience.

METHODS OF ASSESSMENT

All units will be individually graded as 'pass', 'merit' or 'distinction'. To achieve a pass grade for the unit learners must meet the assessment criteria set out in the specifications.

There is also formal or "summative" assessment scheduled during each module.

Assessment methods include essays, reports, presentations and examinations. The grades from formal assessments count towards your final module grade.
