Dear Parent/Carer,

I am writing to update you on the new arrangements for students from **Monday 2 November**. At the start of the academic year, we took a cautious approach to the number of people allowed on our sites due to Covid-19 restrictions. Now that we have had some time to see how this has gone and we are confident that all of our Covid-19 safety measures are operating successfully, we want to increase the numbers of students coming into college for face to face lessons.

This week we have reviewed and started to amend student timetables to ensure that we can welcome students back to college after half term for more planned learning time. These changes will be available from **Friday 30 October** on students Pro Portal. For further information on how to access Pro Portal please click link below.

It goes without saying that all of our other Covid-19 prevention measures must continue to be adhered to, which include regular hand-washing, wearing a face covering in public spaces and social distancing.

We have worked hard to ensure that college is a safe environment for students and we continue to need the same commitment from our students in following the new safety rules to keep themselves and others safe. We appreciate that this is a worrying time for all and we greatly appreciate your support.

Over the coming weeks, please don't forget to look out for our Parent Pals newsletter and our Parent and Carer Forums.

Yours faithfully

A handwritten signature in black ink that reads "mgilluley".

Marie Gilluley
