COMPETITION

COMPETITION BRIEF:

SHOW US ENDLESS TWILIGHT

We are looking for an image inspired by 'dusk or dawn' which captures the true magic and mystery of an endless twilight transitioning from day through to night.

From the magic and allure of a deserted landscape to a bustling street/city scene, get creative at the most spectacular time of day.

The competition is open to students in Years 9-11.

Winners work will be displayed at our end of year show CREATE in June.
