Art & Design (Photography) - Inter-Schools Photography Competition 2021

Get creative with our “*Show Us Endless Twilight*” competition

Competition Brief

The theme for this year’s competition is ‘dusk or dawn’ which offers an optimal time to capture just about anything from landscapes to urban street scenes.

Creative Challenge

Showcase your ability to capture the true magic and mystery of an endless twilight transitioning from day or to night. Head out into the evening sunset, twilight hours or morning sunrise. You could be high on a hill overlooking a deserted landscape, deep in the woods or showing us your favorite neon street/city scene. Show us unusual locations at day or night at the most spectacular time of day.

Photo ideas could include: -

- Capture glowing clouds
- Amaze us with an eye-catching view
- Capture the light of the evening sunset or the morning sunrise

The style of photography and equipment you use, whether it be a mobile phone or digital camera, is entirely up to you. Judges will be looking for lots of creativity and uniqueness of vision.
