## PLANNING YOUR NEXT STEPS

- If you missed the university application deadline it's not too late! You can still apply but your application will no longer be guaranteed equal consideration. This means you might find some courses have started to fill up or perhaps closed completely. Click [HERE](#) to see what courses are available.
- If you have been accepted at university you need to organise your student finance and accommodation. Click [HERE](#) for more information.
- Kirklees College offer a wide selection of higher education courses from Access to HE, Animal Management, Art and Design to Counselling and Engineering. Click [HERE](#) for more details.
- If you're considering other options, take a look at apprenticeships and full-time employment. Employers will start recruiting for staff in the summer term for an August/September start. See the job search section for more details on where to search and apply.
- Keep up-to-date with the latest job news, career advice and postgraduate study opportunities via Prospects [HERE](#).

## DEGREE APPRENTICESHIPS

Degree apprenticeships are similar to level 2 and 3 apprenticeships but you can work for a company, get paid a salary and have your degree paid for by the employer. The average salary for a degree apprentice is £17,800.

You can undertake degree apprenticeships in many sectors, including engineering, law, nursing, surveying, project management and policing.

Employers that recruit degree apprentices include BBC, ITV, Lloyds Banking Group, Wates Construction, Nestle, Unilever and West Yorkshire Police.
