

WELCOME TO ELECTRICAL INSTALLATION AT KIRKLEES COLLEGE

WELCOME FROM THE CURRICULUM AREA MANAGER

“ Congratulations on receiving an offer of a place within the Construction department. My name is Javan Webb and I am the Curriculum Area Manager for Electrical Installation. The building industry continues to grow and once again we have seen an increase in the number of students wishing to join us. All your lessons will take place at Brunel Construction Centre with a mix of practical and theory lessons. I look forward to seeing you in September and information regarding any required kit will be sent out to you closer to enrolment. ”

Javan Webb

COURSES IN THIS AREA

- Level 1 Electrical Installation
- Level 2 Electrical Installation
- Level 3 Electrical Installation

WHERE WILL YOU BE STUDYING?

Brunel Construction Centre

This centre is located off Leeds Road in Huddersfield and is dedicated to the construction trades. The study programme offers a mixture of theory in classroom and practical in dedicated workshops. There is also a trade counter for students to visit to ensure they have the right materials for the job. The centre has an LRC and refectory area.

ADDITIONAL INFORMATION

The construction trade continues to grow and there is currently demand for skilled workforce to deliver on the government's plans for new build housing and the regeneration of town centres.

On this course, you will need a pair of steel toe cap boots and safety goggles to participate in practical sessions.

IT STARTS WITH YOU

ADDITIONAL INFORMATION

Your timetable will usually be 16 hours a week. If you don't have GCSE Grade 4 in English and maths then resitting these will be built into your study programme.

Assessment is a mixture of course work, practical tasks and online testing.

On your course, you will have the opportunity to complete a two-week work placement. A member of our Work Placement team will work with you to find a suitable placement.

Students benefit from visiting different types of construction sites and interacting with different employers.

As a Microsoft Showcase College, you can download Microsoft software for free to your device and access free Wi-Fi at college. You can also study Microsoft Office Specialist (MOS) qualifications alongside your study programme.

MEET OUR STUDENTS

“ I chose this course as I have always wanted to pursue a career as an electrician. I enjoy the practical elements of the course and the hands-on learning in the workshop, as well as learning the theory to support my skills. Once I finish the course, I would like to start an apprenticeship and gain work experience at the same time. In the future, I hope to start my own business after some years in the trade. ”

Alphie Cordingley, Level 3 Electrical Installation

MEET ONE OF OUR SUBJECT TUTORS

“ Hi, I'm one of the Electrical Installation tutors at Kirklees College. All the tutors at college are experienced in working in the industry, which means we are able to offer you expert advice and guidance throughout your course. We run regular skills competitions to help you build your confidence and we have strong links with local trades, giving you a great opportunity to raise your profile with potential employers and start you on the ladder to success. ”

Tutor

FINANCIAL SUPPORT

We can support you with:

- Applying for bursaries if you're eligible
- Buying uniform and kits
- Free college meals
- Support with travel costs – you can apply for a travel pass before you start or collect a form from college

[Click here for more information](#)

STUDENT SUPPORT

We have a wide range of support available including:

- Dedicated Progress Coach. Your Progress Coach will work with you on a 1:1 basis to support you with your progress, needs and goals.
- Additional learning support. This is available for learners with specialist educational needs and disabilities and is delivered in various forms according to an individual's assessed needs or provisions within an Education and Health Care Plan (EHCP.)
- Counselling service
- Careers service

[Click here for more information](#)

CAREER PROGRESSION

In this department, you will complete a work placement which can support you to progress to an apprenticeship. At the end of the course, demand is high for workers and students often start work on residential and business construction sites. Many students work for small building companies or set up their own business.

VIRTUAL OPEN DAYS

Attend a LIVE Virtual Open Day to find out more information about college life, our centres, facilities and the support available.

The dates for our Summer Virtual Open Days are:

TUESDAY 29 JUNE **WEDNESDAY 30 JUNE**
