

Resits

If you are wanting to resit any GCSEs exams you must first request this by emailing ExamResults@kirkleescollege.ac.uk. Or you can discuss this option when you speak to the Maths and English team.

Resit process for GCSE maths and English

If you want to resit your GCSEs, you must first undertake a maths and/or English assessment. These will take place in your maths and/or English class by Week 3. The results of this will inform the resit guidance for you:

- If you are clearly showing you are working at 1 grade or more above the predicted grade you received, a recommendation will be made you to be entered for the autumn exam series.
- Where you are showing you are working at or below the predicated grade you received, a recommendation will be made that you will not to be entered for the November exam series. However, please be aware, the college cannot refuse a request from any student wanting to resit.
- The college recommends that a student only resits ONE of either maths or English due to the number and duration of the GCSE maths and English exams and disruption to learning due to Covid 19.
- You must ensure you are available to attend all resit exams on the dates below

GCSE November 2021 resit dates

GCSE English Language

- Monday 1st November am
- Wednesday 3rd November am

GCSE maths

- Tuesday 2nd November am
- Thursday 4th November am
