Logging into a College PC with 2FA (Two Factor Authentication)

To log in to your College PC using Two Factor Authentication enter your details as you would normally.

When you press Enter, a pop-up will appear asking you to use Two Factor Authentication.

Tap the notification. The Duo app will load. Click 'Approve' and you will now login to the PC.

Some older Android phones won't work with the Duo mobile app. In this case, click on the 'Text me' button.

	Device: Android (+X	(X XXXX XX7370)	
	Choose an authenticati	ion method	
	Duo Push		Send Push
