Notes on the use of the self-certification form

This **is not** a special consideration form. It **does not** need to be completed and kept on file within the centre as additional evidence if the centre knows that the candidate was ill. This form **is not** required in the following circumstances:

- the candidate has missed a unit and can re-enter at a later date;
- the candidate was sent home by the centre because he/she was too ill to sit an examination;
- the candidate was sent home by the centre because he/she had symptoms of a respiratory infection, including Covid-19, as detailed in the UKHSA guidance;
- the centre informed the candidate to stay at home and not attend an examination as advised by UKHSA guidance - [People with symptoms of a respiratory infection including COVID-19 - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/people-with-symptoms-of-a-respiratory-infection-including-covid-19);
- the candidate was seen to be falling ill in the centre the day before their absence;
- the centre knows of long-term medical circumstances which can lead to sudden absence;
- the centre knows from on-going contact with the candidate or their parents/carers/guardian that he/she is ill and unable to sit examinations;
- the candidate has a prescription or label from medication showing the date when the medicine was prescribed and the name and address of the candidate.

Where the centre can verify the circumstances, they must be stated when making an online special consideration application or on the special consideration form (JCQ/SC – Form 10).

This self certification form **must** only be used in the following circumstances:

- the candidate has missed a terminal examination or a unit which cannot be re-entered;
- the centre has no reason to suspect that this may be a fraudulent claim;
- the candidate has been attending other examinations so far without problems.

Procedure

The centre **must** complete Part A when the parent/guardian/carer contacts the centre unexpectedly, to say what has taken place.

Where a candidate is aged under 18 the parent/guardian/carer **must** complete Part B and the candidate completes Part C.

This form **does not** replace the special consideration form. Where an awarding body specifically requires paper forms for special consideration applications, it **must** be attached to the special consideration form (JCQ/SC – Form 10) relating to a missed examination in a terminal series.

Where an awarding body will only accept online special consideration applications, Form JCQ/ME-Form 14 (E) **must** be retained on the centre's files for scrutiny by an awarding body.

Where a centre suspects the authenticity of the details provided by a candidate within Form 14, it should investigate the matter as suspected candidate malpractice using the standard [JCQ policy and procedure](#).

If the malpractice investigation concludes that the candidate provided false information on eligibility for special consideration, the candidate's results could be withdrawn, or the candidate could be disqualified from the specific qualification, and potentially other qualifications.
