# INTRODUCTION

Welcome to the Kirklees College Photography Competition 2023. Each year our Art and Design Department hosts a photography competition aimed at students in Years 9, 10 and 11.

In this competition, students are invited to enter one photograph and an accompanying paragraph that explains how the photo interprets the theme/brief. The competition is suitable for students of all abilities who simply enjoy photography as a hobby or wish to go into photography as a career.

Before you reach for your camera, please read through this booklet as it will provide you with all the details you need to take part in the competition.

We look forward to your entries.

## BRIEF

Get creative with our 'Human Portraiture' competition.

### COMPETITION THEME:

The theme for this year's competition is 'Human Portraiture'.

### CREATIVE BRIEF:

We want you to capture a portrait of someone you know. You could use a friend, a family member or even do a self-portrait! Try to portray the persons physical attributes and their emotions. Look at the different types of portraiture that exist as you might decide to do your portrait as painting or sculpture rather than a traditional photo. If you do decide to do a painting or sculpture, please email us a picture of your finished portrait.

The style of photography and equipment you use is entirely up to you, whether it be a mobile phone or digital camera. You could consider a range of experimental techniques utilising backgrounds, lighting and posing. The image must be completely new or something you have recently completed as part of your course at school.

Judges will be looking for lots of creativity and uniqueness of vision.

# NOT SURE WHERE TO START?

Why not start by doing some research of your own so that you fully understand the difference between portrait and portraiture and the different types of portraiture as an art form.
