

WELCOME TO ELECTRICAL INSTALLATION AT KIRKLEES COLLEGE

WELCOME FROM THE CURRICULUM AREA MANAGER

“Congratulations on receiving an offer of a place within the Construction department. My name is Ryan and I am the Curriculum Area Manager for Electrical Installation. The building industry continues to grow and once again we have seen an increase in the number of students wishing to join us. All your lessons will take place at Brunel Construction Centre with a mix of practical and theory lessons. As part of your course, you will complete work placements to enhance your career opportunities once you are a fully qualified electrician. I look forward to seeing you in September.”

Ryan

COURSES IN THIS AREA

- Electrical Installation Level 1
- Electrical Installation Level 2
- Electrical Installation Level 3
- Building Services Engineering for Construction: Electrotechnical Engineering T Level

WHERE WILL YOU BE STUDYING?

Brunel Construction Centre

You will be studying at Brunel Construction Centre. This centre is located off Leeds Road in Huddersfield and is dedicated to the construction trades. The study programme offers a mixture of theory in the classroom and practical workshops. There is also a trade counter for students to visit to ensure they have the right materials for the job. The centre also has a well-stocked LRC and refectory area.

IT STARTS WITH YOU

ADDITIONAL INFORMATION

The construction trade continues to grow and there is currently demand for skilled workforce to deliver on the government's plans for new build housing and the regeneration of town centres.

On this course, you will need a pair of steel toe cap boots and safety goggles to participate in practical sessions. Information regarding any required kit will be sent out to you closer to enrolment.

Your timetable will usually be 16 hours a week. If you don't have GCSE grade 4 in English and maths then resitting these will be built into your study programme.

Assessment is a mixture of course work, practical tasks and online testing.

Students benefit from visiting different types of construction sites and interacting with different employers.

You can download Microsoft software for free and access free Wi-Fi at college. If you need to access IT equipment, you can borrow devices from the LRC.

All 16 – 18 students have the opportunity to join our Sports Academy, if your timetable allows. We have a Football Academy and Rugby Academy, which both offer you the chance to train in your chosen field alongside your studies. To find out more about the different academies and trials, head to our website.

MEET OUR STUDENTS

“When I went to my interview, a tutor recommended I study a T Level. I thought it sounded really good and we get to do practical activities as well as learning about site management, health and safety and business. After I finish my T Level, I am hoping to do an apprenticeship to train as a domestic electrician.”

Kieran, Electrical T Level student

MEET ONE OF OUR SUBJECT TUTORS

“I was previously an apprentice at Kirklees College and worked in industry for 8 years before coming back to college to teach. I enjoy working with young people and chose to move into teaching to pass on skills and knowledge to the next generations.”

Joshua, Electrical Tutor and T Level Practitioner

FINANCIAL SUPPORT

We can support you with:

- Applying for bursaries if you're eligible
- Buying uniform and kits
- Free college meals
- Support with travel costs – you can apply for a travel pass before you start or collect a form from college

STUDENT SUPPORT

We have a wide range of support available including:

- Dedicated Personal Development Coach and Pastoral Mentor. Your Personal Development Coach will help you in tutorial sessions to work on our Personal Development Programme, while your Pastoral Mentor will be on hand to offer 1:1 support if and when you need it
- Additional learning support. This is available for students with specialist educational needs and disabilities and is delivered in various forms according to an individual's assessed needs or provisions within an Education and Health Care Plan (EHCP)
- Counselling service
- Careers advice

WORK PLACEMENT

As part of our Employability Pledge at college, all our 16 – 18 study programme students will have the opportunity to complete work experience and undertake a work placement during their time at college. You will work with a dedicated Work Experience Coach, who will help you find a placement suited to your course or chosen career, or complete work experience to achieve a Careers and Personal Development Passport Award.

CAREER PROGRESSION

On your course, you will complete a work placement which can often support students to progress onto an apprenticeship. At the end of the course, demand is high for workers and students often start work on residential and business construction sites. Many students work for small building companies or set up their own business.

WELCOME DAYS

We would also like to invite you to a Welcome Day at your chosen centre in June. This is a great opportunity to come in and see where you will be learning in September, find out more about our facilities, your course and meet tutors and fellow new students. You will be sent more information shortly.

The Welcome Day is:
Brunel Construction Centre: 27 June

OPEN DAYS

Our Open Days provide information about the facilities and support available at college, as well as offer parents / carers and applicants the opportunity to ask any questions about starting a course with us.

ALL HUDDERSFIELD CENTRES

WEDNESDAY 28 JUNE

5PM – 7PM (last entry 6.30pm)

**OPEN DAYS - Scan the
QR code to find out more**

If you would like to speak to a tutor or have any questions about your course or application, please email applications@kirkleescollege.ac.uk

Enrolment will be in August. More information will be sent out closer to the time.
