## KEY INFORMATION AND OPPORTUNITIES

We run Business courses at both our Huddersfield Centre and Springfield Sixth Form Centre. Wherever you have applied, you will have access to amazing facilities that will help you progress in your career in Business.

As a uniquely vocational college, a big part of your learning will be engaging with employers and gaining work experience. Our Business students get to work with major companies, such as Lloyds Bank and work on exciting projects, such as helping with college fairs and coming up with creative ideas on how to market and sell a range of products.

If you are a rugby or a football player, you can also combine your studies with playing your sport by becoming a member of our Sports Academies. Keep an eye on your email account for information about academy trials.

## MEET OUR STUDENTS!

Haseeb, T Level Business -

Team Leadership and Management:

**"I really like my course because you learn how different types of businesses operate. Another great part of the course is the work experience placement, as this helps build your CV."**

## CAREER PROGRESSION

Business careers exist in almost every industry, leaving you with a diverse choice of paths to choose from. Our courses are designed to expose you to a range of Business roles including accounting, finance, marketing, entrepreneurship, sales, events management and Esports. Our specialist Careers Team will offer you guidance and support to pursue these paths, including applying for your next steps, which may be university or an apprenticeship.

## WORK EXPERIENCE

As part of our Employability Pledge, you will have work experience embedded into your timetable. If you are on a Level 2 or 3 course, you will work with a dedicated Work Experience Coach, who will help you find a placement suited to your course or chosen career. Alternatively, you will complete work experience to achieve a Careers and Personal Development Passport Award.
