WELCOME TO THE KC COMMUNITY

ELECTRICAL INSTALLATION

HELLO! FROM THE CURRICULUM AREA MANAGER

Congratulations on being offered a place in our ever-growing Electrical department here at Brunel Construction Centre. My name is Ryan, and I am your Curriculum Area Manager for Electrical Installation. The building industry continues to grow and once again we have seen an increase in the number of students wishing to join us. All your lessons will take place at Brunel Construction Centre with a mix of practical and theory lessons. I look forward to meeting you in September.

KEY INFORMATION AND OPPORTUNITIES

Brunel Construction Centre is one of the leading Construction departments in the region and we are proud to be leading the way with our learning facilities and workshops, providing unique experiences and an excellent learning environment.

We also host a range of regional and national competitions at Brunel Construction Centre and encourage all our students to enter industry skills competitions to build your experience and push yourself. These competitions are also a lot of fun so make sure you sign up if you get the chance!

You will be required to purchase a pair of steel toe cap safety boots, which typically cost between £15 and £20 and can be bought from any construction retailer.

If you are a rugby or a football player, you can also combine your studies with playing your sport by becoming a member of our Sports Academies. Keep an eye on your email account for information about academy trials.

MEET OUR STUDENTS!

Kieran, T Level Electrical Installation:

"When I went to my interview, a tutor recommended I study a T Level. I thought it sounded really good and we get to do practical activities as well as learning about site management, health and safety and business."

CAREER PROGRESSION

Throughout your time at Brunel Construction Centre, you will have the opportunity to engage in hands-on training, theory coursework, and real-world experiences that will prepare you for a successful career in the Electrical industry.

Potential career pathways include an Electrician, Site Manager and Business Owner.

WORK EXPERIENCE

As part of our Employability Pledge, you will have work experience embedded into your timetable. If you are on a Level 2 or 3 course, you will work with a dedicated Work Experience Coach, who will help you find a placement suited to your course or chosen career. Alternatively, you will complete work experience to achieve a Careers and Personal Development Passport Award.

SUPPORTING YOU

At Kirklees College, we are committed to supporting all our students wherever we can. We offer a wide range of specialist support which is carefully allocated to ensure help is accessible to everyone who needs it.

Types of support on offer:

- Financial
- SEND
- Counselling
- Sexual Harassment – Call It Out
- Exam Support
- Careers & Employment
- Health and Wellbeing
- Support for Care Leavers and Children Looked After
- Support for Young Parents, Young Carers and Estranged Students
