## KEY INFORMATION AND OPPORTUNITIES

As a Media student at Kirklees College, you will benefit from lots of practical, hands-on learning to develop your photography, videography, podcasting and design skills, alongside your theory learning about Film, TV and Music.

In the last year, Media students have filmed, directed and storyboarded music videos with Music students and short films about sexual harassment and misogyny with Performing Arts students. These collaborative experiences offer valuable experience of what it is like to work in industry with people from across creative roles.

If you are a rugby or a football player, you can also combine your studies with playing your sport by becoming a member of our Sports Academies. Keep an eye on your email account for information about academy trials.

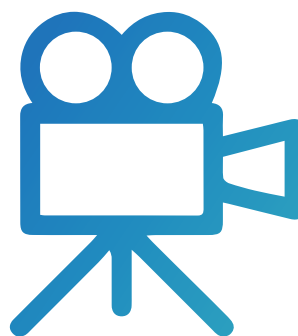

## MEET OUR STUDENTS!

Niamh, Level 3 Creative Media Practice:

**"I really like that the course is practical and the tutors are very supportive and listen to your ideas, giving specific advice to each student."**

## CAREER PROGRESSION

Careers in the Media industries are varied and continue to evolve. You can pursue a range of careers, from traditional paths as director, filmmaker or producer, to other roles in content creation, marketing and design. Our specialist Careers Team will offer you guidance and support to pursue these paths, including applying for your next steps, which may be university or an apprenticeship.

## WORK EXPERIENCE

As part of our Employability Pledge, you will have work experience embedded into your timetable. If you are on a Level 2 or 3 course, you will work with a dedicated Work Experience Coach, who will help you find a placement suited to your course or chosen career. Alternatively, you will complete work experience to achieve a Careers and Personal Development Passport Award.

## SUPPORTING YOU
