COLLEGE

WELCOME TO THE KC COMMUNITY

SCIENCE

HELLO! FROM THE CURRICULUM AREA MANAGER

Congratulations on securing a place at Kirklees College. My name is Karin and I am the Curriculum Area Manager for Science. At Kirklees College, you will have access to state-of-the-art facilities and laboratories for you to progress in your Science studies and prepare you for your next steps in your career. We look forward to meeting you in September and supporting your success.

KEY INFORMATION AND OPPORTUNITIES

You will study in industry standard laboratories named after famous scientists, allowing you to develop the skills, knowledge and behaviours needed for the industry. Our staff are highly qualified subject specialists who bring your learning to life through a range of engaging practical sessions to underpin the theory.

There is a new Anatamage table that gives you the opportunity to explore the anatomy and physiology of the human body, and a forensics lab that enables active learning to enhance your understanding of key topics and theories.

Our courses include trips and visits to further enrich your knowledge, skills and behaviours needed for your future career choices, these include university visits to help you decide your next steps.

If you are a rugby or a football player, you can also combine your studies with playing your sport by becoming a member of our Sports Academies. Keep an eye on your email account for information about academy trials.

MEET OUR STUDENTS!

Holly-Mae, Level 3 Forensic and Criminal Investigations:

"I came to college in 2020 after spending my high school years being homeschooled. I started on Level 1 Applied Science and have progressed to my current course, Level 3 Forensic and Criminal Investigations. During my time at Kirklees College, I have felt at home and very supported and it is a great feeling to know I am moving forward in the next venture of my educational journey."

CAREER PROGRESSION

Studying a Science course will open doors to you in a range of roles and sectors, including healthcare, pharmacy, chemistry, biomedicine and much more. We support our students to prepare for their future careers, through interview and CV skills workshops, embedding professional conduct into the curriculum and work placement opportunities.

WORK EXPERIENCE

As part of our Employability Pledge, you will have work experience embedded into your timetable. If you are on a Level 2 or 3 course, you will work with a dedicated Work Experience Coach, who will help you find a placement suited to your course or chosen career. Alternatively, you will complete work experience to achieve a Careers and Personal Development Passport Award.

SUPPORTING YOU

At Kirklees College, we are committed to supporting all our students wherever we can. We offer a wide range of specialist support which is carefully allocated to ensure help is accessible to everyone who needs it.

Types of support on offer:

- Financial
- SEND
- Counselling
- Sexual Harassment – Call It Out
- Exam Support
- Careers & Employment
- Health and Wellbeing
- Support for Care Leavers and Children Looked After
- Support for Young Parents, Young Carers and Estranged Students
