Functional Skills and Essential Digital Skills

Enrolling your staff onto a Level 2 Functional Skills English or maths course at Kirklees College has a range of personal and professional benefits. We have had some amazing success stories from employees at Kirklees Council, Polyseam and Northern Gas in recent years, who allowed their staff to complete these vital qualifications during work hours.

Our Essential Digital Skills course is also available for employers to enrol their teams on, and equips people with a complete set of computing skills to help them use technology and systems in the workplace and at home.

MARIE, SUPPORT WORKER AT KIRKLEES COUNCIL

Studying Maths and English Functional Skills Level 2 and Essential Digital Skills:

"For me, coming back to college was all about empowering myself. I originally went back to education in 2013 to get my Science qualifications but unfortunately had to stop those courses due to an operation, so really I have come back to finish what I started and prove that you are never too old to learn."

ABBIE, LEVEL 4 DIPLOMA IN THERAPEUTIC COUNSELLING

Studying English and Maths Functional Skills Level 2 and Essential Digital Skills:

"I would recommend Kirklees College for the exceptional quality of teaching, and the very positive experience that I have had at the college. Being at a college offers a less intimidating setting in comparison to a university, but provides an ideal stepping stone for those wanting to move on to university."
