WELCOME TO OUR SEPTEMBER 2025 ADULT COURSE GUIDE

2025 is a momentous year for Kirklees College, as we celebrate 200 Years of Technical Education in Kirklees. In both Huddersfield and Dewsbury, we can trace the roots of our current college back to the year 1825, when the first Mechanic's Institutes for working people were established in our local area.

This long history is evidence of our ongoing commitment to lifelong learning, and our adult course offer remains a strong example of our mission statement: Creating Opportunities, Changing Lives.

At Kirklees College, we understand the demands of today's workplace, which is why we are committed to supporting you to gain the skills needed to succeed in your chosen career.

We are here to support you across all areas of learning, whether you are looking to try something new, upskill in your career or are thinking about returning to education following a break, we can help you to achieve your goal.

Ranging from one-day workshops to evening classes and professional qualifications, there is no better place to start than Kirklees College.

With courses available at one of our centres, online or as part of continued professional development in the workplace, you can benefit from flexible learning designed to fit around your lifestyle.

Invest in yourself and enrol now to secure your place for September 2025.

Functional Skills and Essential Digital Skills

Enrolling your staff onto a Level 2 Functional Skills English or maths course at Kirklees College has a range of personal and professional benefits. We have had some amazing success stories from employees at Kirklees Council, Polyseam and Northern Gas in recent years, who allowed their staff to complete these vital qualifications during work hours.

Our Essential Digital Skills course is also available for Employers to enrol their teams on to, and equips people with a complete set of computing skills to help them use technology and systems in the workplace and at home.
